ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

VISION

- ➔ To achieve excellence in technical and management education through quality teaching and innovation.

MISSION

DIRECTOR'S MESSAGE

Greetings from GITS, Udaipur!

The institute is focused on enhancing their knowledge and skillsets of students through university designated curriculum along with providing value-added activities like workshops, training programs, expert talks, and industrial visits. This endeavour is reflected in our achieving an excellent score in our QIV (Quality Index Value) ranking after being evaluated on different parameters by RTU. I congratulate all stakeholders as GITS has enhanced its score by 144 points this year in engineering as compared to last year.

Going further in our endeavour, the students of CSE, Civil and Electrical Engineering commenced their pilot training under the Employability Skilling Program with L&T EduTech this month. We are optimistic that this training will nurture functional and professional skills of our students equipping them capabilities necessary to excel in the corporate world.

I also take this opportunity to congratulate Dr. Mayank Patel, Dr. Hina Oza and Dr. Sangeeta Choudhary for being felicitated by the Institute of Engineers (India), Udaipur Local Centre on the occasion of World Engineering Day for their contribution in the field of engineering education.

I also extend my congratulations to team ECO Thustler for winning the first prize and team Vision Vigil for securing the II Runner-Up Position at the National level Poornima Hackathon.
