

GITS NEWSTRACK

ABOUT GITS

Geetanjali Institute of Technical Studies, popularly known as GITS, was established by Geetanjali Education Society in the year 2002-03. The institute is recognized by AICTE and Govt of Rajasthan and is affiliated to Rajasthan Technical University, Kota to provide technical and professional education to the youth in general and also the tribal people of the region in particular.

GITS has created a niche in the world of technical and management innovation. Our standard progression of delivering concepts of management, technical skills and computer application is a benchmark in the education industry. Not only we deliver, we are also trouble-shooters when it comes to support talent. We do not judge our height by meters because we have never stopped growing, the fineness of our work has always increased. We are neither behind the time nor ahead we just stay to be honest, we are masters in understanding "The Order of the Day".

DIRECTOR'S MESSAGE

Greetings from GITS, Udaipur!

At the outset, I extend my congratulations and best wishes to all the students who have completed their academic journey with us at GITS. As you embark on your professional paths, whether through placements in the industry or by pursuing further academic endeavours, I wish you success in all your future pursuits. May you excel in your careers and contribute meaningfully to your communities and to India.

Additionally, I encourage the students to utilize their holiday break to invest some time in pursuing internships and enhance their domain specific technical skills. This will empower them for the competitive job market ahead.

For our faculty members, this time of year is an opportunity to reflect on your performance and to upskill for the rapidly evolving landscape of technology and domain specific academics. They have been encouraged to participate in Knowledge Sharing Programmes, Faculty Development Programmes (FDPs), and collaborative research with organizations and professionals in various engineering and technological disciplines. These efforts will not only enhance their expertise but also enrich the educational experience we offer to our students.

I look forward to the upcoming academic year, which I believe will bring exciting opportunities for new collaborations, innovations, and growth, enriching both our academic and extracurricular pursuits.

Director, GITS
